Total

Sub Group	Grade/Subject	Year	Acc	Part	Rep	LND	LND%	BB	%BB	Basic	%Basic	Prof	%Prof	Adv	%Adv	MAP Index	Mean Scale	Median Terranova
Total	Third Grade	2017	76		76	0	0.0	29	38.2	26	34.2	15	19.7	6	7.9		428.0	--

NOTES:

Mathematics: To ensure a consistent metric of annual improvement is being applied to the APR, GLA scores have been removed from the 2012 mathematics data for middle school students who participated in the mathematics GLA and Algebra I EOC in the same accountability year.

Categories: Categories that begin with MSIP or MSIP5 will include data in Participants and the Map Index columns and exclude Mean Scale and Median Terranova. All other categories will exclude Participants and MAP Index, but display Mean Scale and Median Terranova.

Abbreviations: Rep (Reportable), Part (Participant), Acc (Accountable), LND (Level not Determined), BB (Below Basic), Prof (Proficient), Adv (Advanced)

* This report suppresses populations (reportable) with fewer than 10 students. If an achievement level is at 100%, an asterisk (*) is used to report all achievement levels. If an achievement level is at 0%, an asterisk (*) is used for that achievement level and the next lowest achievement level.

Scores on the grade level assessments are not comparable to prior year assessments.

Report as of: 6/6/2018
